

Kareem Mohamed Qashqoush

Biomedical Engineer

 kareemqashqoush@gmail.com  +966531469302  Taif, KSA  LinkedIn Link

Summary

Biomedical Engineer with hands-on hospital experience across clinical engineering, healthcare software development, and medical device support. Skilled in imaging systems (X-ray, CT, MRI) and biomedical equipment maintenance, with strong cross-functional communication between technical and clinical teams. Seeking to contribute to Health IT and Clinical Engineering initiatives.

Experience

Application and Product Specialist BM-Egypt (Mindray) • Provided on-site technical support and troubleshooting for imaging devices. • Assisted medical staff in proper device operation. • Installed and configured flat panel detector systems. • Ensured system performance and minimized downtime.	09/2025 – Present Mansoura, Egypt
Healthcare Software Developer Freelance • Developed web-based healthcare systems for clinic and hospital management • Built solutions for appointment scheduling, patient records, and administrative workflows • Contributed to system design and UI/UX implementation for medical platforms • Translated healthcare workflow requirements into functional software features • Improved system usability for doctors, receptionists, and administrative staff	10/2024 – 01/2026 Remote

Training experience

Siemens • Training on MRI, CT, and Cath Lab systems • Learned troubleshooting and diagnostics	09/2024 – 09/2024 Mansoura
True Medical (mindray) Sales • Customer communication and requirement analysis • Negotiation and sales techniques • Strengthening client relationships and product understanding	07/2024 – 08/2024 Mansoura
Dar Al Fouad Hospital • Maintenance of CT, infusion pumps, and dialysis machines • Exposure to hospital biomedical engineering workflow	01/2024 – 02/2024 Cairo
Children's Hospital • 60 Hours • Clinical engineering exposure • Understanding hospital medical equipment operations	08/2023 – 08/2023 Mansoura
BAHYA Foundation • 60 Hours • Exposure to oncology and radiotherapy systems • Medical equipment workflow understanding	07/2023 – 07/2023 Cairo
BAHYA Foundation • 6 Hours • Introduction to biomedical engineering applications	01/2023 – 01/2023 Cairo

Education

Bachelor of Biomedical Engineering Mansoura University • Very Good (GPA 3.2/4)	2020 – 01/2025 Mansoura, Egypt

Technical Skills

Medical Imaging Systems

X-ray, CT, MRI

Engineering Operations

- Equipment Installation & Troubleshooting
- Preventive Maintenance
- Electronics Fundamentals

Computer Skills

- C, JavaScript, C#, Html, ReactJs, Sql, Next.Js, .Net
- Microsoft Office (Word, Excel, PowerPoint, Power BI)

Soft Skills

(Communication Skills | Team Work | Hard Working | Computer Skills | Time Management | Flexibility | Presentation Skills | Problem Solving | AI Tools Awareness | Negotiations Skills | Customer Services)

Courses

Medical Planning Courses	12/2024 – 12/2024
Clinical Course	07/2024 – 07/2024
FrontEnd (React.Js)	01/2024 – 06/2024
MRI & CT	09/2023 – 09/2023
Sales Course	05/2023 – 05/2023
Project management (PMT) Course	09/2022 – 09/2022
Marketing Course	08/2022 – 08/2022
Employment Skills Course	07/2022 – 07/2022
